**HIGHTECH TERRACE SLAB. STATE OF THE ART – EXTRUDING IN LARGE FORMAT.  
TO BE LAID PERMANENT OR LOOSE.**

This is where 'large format' as a description for patio flooring is newly defined. TerioTec® X is non-slip, glazed and dimensionally accurately calibrated but still guaranteed for frost-resistance – also when laid fixed and with grouted joints.

Newly defined is therefore also the provided freedom as far as a generous visual appearance is concerned as well as the hygiene of the floor and easy-care outdoors. A prime example for what it means when creational rooms are made of functional ones. Fine to be laid loosely where it suits.
